

45th Anniversary of FEICOM

Methodological Framework of the Literary Competition of the Special Edition of the Cameroon Students Challenge Kids (CSCK) 2020

In a context marked by the Corona Virus pandemic (COVID-19) which affected all populations (men, women and children) across the planet, it is interesting to question the way the pandemic was experienced, particularly by the younger ones. It is in line with this that a literary competition has been organized for them.

FEICOM organizes as part of the celebration of its 45th Anniversary in December 2020, the special edition of the Cameroon Students Challenge Kids (CSCK) 2020. The literary competition, in the form of an essay, will have as theme: ***"Write an essay on your experience of the Covid-19"***.

Each essay must be original and clearly describe how the COVID-19 pandemic was experienced in the Candidate's environment.

It should also propose some local solutions to better sensitize against and fight the COVID-19 pandemic.

The essays must be written in English or French on A4 paper (21x29, 7cm), maximum two (02) pages.

Each essay must have a headline and written legibly, with a good material presentation, without erasures.
